

ZEALOOFS

Take a different route

Product of Eltires Pvt. Ltd.

About Us

Zealoops is a brand of Eltires Pvt. Ltd., an Indian company that is revolutionizing the cycling industry with its innovative and futuristic designs. Their cycles and paddle-assist E-cycles are a perfect blend of energy, enthusiasm, strong frames, and ruggedness. They are designed to provide a great riding experience to everyone from beginners to professional cyclists.

Our motive is to transform the world of cycles into well-engineered and efficiently designed robust e-bikes that offer good speed and effective mileage. We believe in delivering products extending functionality with pleasing aesthetics. Hence our products are developed keeping in mind the requirements of a wide audience to make commuting a fun, safe, and healthy experience. We invite you to share with us the exhilarated experience of commuting with Zealoops.
